EXAMINER'S AMENDMENT***Election/Restrictions***

Newly submitted claim 13 is directed to an invention that is independent or distinct from the invention originally claimed for the following reasons: Another materially different method could be used to produce the varistor in claim 13, such as, the varistor body could be sintered before coating the envelope surfaces with the SiO₂.

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claim 13 is withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Claim 13 has been cancelled.
